Web developer with 14 years of experience building web applications with variety of tools on backend: Django, Flask (Python), Laravel (PHP), Express (NodeJs) and from Vanilla JavaScript to React/VueJS on frontend.

SKILLS

- Python 3 (Django, Flask, PyTest, Pipenv)
- DBs (MySQL, PostgreSQL, Mongo)
- Message brokers (RabbitMq, Kafka, AWS SQS)
- Testing techniques, web app architecture, design patterns
- Other: Linux, Docker, AWS, NodeJs (Express, Jest), PHP (many frameworks/tools, including Laravel/PHPUnit), Frontend (React, VueJS, WebPack, Preprocessors, BEM)

EXPERIENCE

Ziff Davis (NetProtect) — Feb 2020 - Present

- Develop micro services using Python 3 (Django/Flask), communicating via REST API, RabbitMQ and Kafka
- Create Python packages to aggregate common logic from different services (tested with tox and pytest)
- Support legacy projects (Python, PHP, NodeJs, Go, Hugo, Frontend)
- Plan and integration AWS Cognito (Auth Management system) into micro services and 3rd party systems
- Occasional help with DevOps-related tasks (AWS)
- Create and support ReactJs SPA (NextJs)
- Create and support Docker environments

SaverVPN / Perimeter 81 — Apr 2017 - Feb 2020

- Support Laravel website
- Develop API on NodeJS using Express framework, Jest as test framework, MongoDB as database and RabbitMq as a message broker
- Support integration with WHMCS (billing system)
- Team lead 4 people on the project for short period of time until SaferVPN product was acquired by J2 Global (now - Ziff Davis)
- Create and support ReactJs SPA
- Create and support Docker environments

Freelance — 2008 - 2017

Variety of projects were done as Full Stack freelance developer in this period: python 2/3 scripts, NodeJS, C# programs, and mostly web applications using PHP tooling such as Kohana, Yii2, Cognito Symphony, Laravel and Wordpress as well as frontend libs/frameworks: jQuery, AngularJS (1 version), React, VueJS.

EDUCATION

- Southern Federal University, Taganrog, Russia (Bachelor of Science in Computer Science, 2008-2013)
- Taganrog Aviation College named after V.M. Petlyakova, Taganrog, Russia (Engineer (Computer Science), 2005-2009)
